PROFESSIONAL SUMMARY

Computer Science Engineering student with a strong foundation in C, Java, JavaScript, Data Structures and Algorithms, SQL, and web development. Currently strengthening Java and problem-solving skills with an interest in Software Development Engineer (SDE) roles. Hands-on exposure to Google Cloud, Generative AI, data analytics, and full-stack development through skill programs and technical bootcamps.

EDUCATION

Bachelor of Engineering (B.E.) – Computer Science and Engineering

Dr. Ambedkar Institute of Technology, Bangalore | Expected Graduation: 2028 | CGPA: 8.30 Currently pursuing 3rd Year

TECHNICAL SKILLS

Programming: C, Java, JavaScript

Web Development: HTML, CSS, JavaScript

Backend: Node.js

Databases: SQL, MongoDB

Core Concepts: Data Structures and Algorithms, Problem Solving

Tools: Git, GitHub, VS Code

CERTIFICATIONS & TRAINING

- Google Cloud Study Jams 2025–26 – Completed 19+ Google Cloud skill badges covering cloud fundamentals, application development, data processing, networking, and Generative AI.
- Data Analytics and Visualization Skill Lab – Dr. Ambedkar Institute of Technology / Techademy.
- 3-Day GDG Bootcamp – GDG On Campus, Dr. AIT; covered Data Structures & Algorithms, Cloud Computing, AI/ML, and Full Stack Development.
- Innovating with Google Cloud AI – Simplilearn SkillUp / Google Cloud.
- AI Skills Passport – EY and Microsoft.

CAREER INTERESTS

- Software Development Engineer (SDE) & Software Development
- Cloud
- Full-Stack Development
- Generative AI
